Baoying Anyi High School

A key school in Jiangsu Province

Jiangsu Baoying Anyi Senior High School is a modern key high school in Jiangsu province, covering an area of 202 mu, with a history of over 50 years, a proper layout, beautiful surroundings, various hard-wares and cultural ethos as it was newly built in 2005.

It includes 12 single buildings for administration, experiments, arts, reading, sports and so forth. Each classroom is equipped with an over-head projector, a computer, a broadcasting system with speakers and videos and an air-conditioner. The school has 3 dormitory buildings, holding over 1800 students. The dining hall can serve over 3000 students at the same time. 38 lab buildings can be conveniently used for audio-visual education, computer practice and science experiments. The library building has more than 80,000 books and 100,000 e-books in store. The 3-storey gym is designed for swimming, basketball inside and ping pang. Besides, on the playground lie 7 normal basketball courts, 400-metre tracks, track and field ground, a tennis court and so on.

In recent years, the school has achieved great success in the national college matriculation examinations. Large quantities of students are admitted to their favorite universities and colleges each year. 2 students were enrolled on the list of pilots-to-be in 2007.

The school has gained over 10 honors such as the national base of educational administration, the experimental base of educational and scientific research in Jiangsu Province, the civilized unit in Yangzhou and so on. A large number of schools and experts from different provinces and cities have visited the school, which provides a good window of communication.
